Let's be clear: Jacob is a sociopathic narcissist, and his advisors are tenured academics actively covering up for other reports of abuse.

The true academe is witness to violence, yet—for self-preservation—chooses complicity and complicity. Cowards and villains, the lot of you.

Systemic abuse in academia aside, I'm glaring specifically at academia in Netherlands and Germany. Specifically, I'm glaring at 2½ persons.

Knowing the advisors, I'm sadly unsurprised. Stay strong and fight for right -- you have support and advocates.

This is important. By "cover up" you mean not personally investigating, or active suppression? Are any of the reports public?

He's threatened doxing, and gaslighted reporters and sent them towards me and the other victims on a weekly basis. #WhyIDidntReport

For the record: I'm unable to figure out any connection between reality and this @isislovecraft tweet. She's severely misinformed or lying.
