He's threatened doxing, and gaslighted reporters and sent them towards me and the other victims on a weekly basis. #WhyIDidntReport

His academic advisors have taken steps to punish and threaten reprisal—for myself & others within academia—for our actions. #WhyIDidntReport

Let's be clear. Jacob is a sociopathic narcissist, and his advisors are tenured academics actively covering up for other reports of abuse.

@isislovecruft I'm working on moving to Berlin in 2017, and thinking about starting another hacker flatshare for sane people, if interested.

@isislovecruft Then I'm extra sad to hear the entire city has become toxic. :(I'd rather committed at this point.
