[TW child abuse and trauma-induced amnesia, in that paper. Actually, scratch that, TW for literally everything horrible ever in that paper.]

Anywaŷ, as @squeed wrote, Jacob missed his chances to make amends, and doesn't get to waltz back into our community as if nothing happened

How will we know when Jacob can be welcomed back?

Jacob can probably never be welcomed back. If he had accepted from the beginning that he had hurt some people, then this conversation might be different. Given the year-long silence, I believe the chance for healing has passed.
