Jacob Appelbaum has continued to harass and threaten me, my family, partner, colleagues, friends, and the other victims. #WhyIDidntReport

Inhomogeneous-SIS @isislovecraft · 50m

He's threatened doxing, and gaslighted reporters and sent them towards me and the other victims on a weekly basis. #WhyIDidntReport

His academic advisors have taken steps to punish and threaten reprisal—for myself & others within academia—for our actions. #WhyIDidntReport

Let's be clear: Jacob is a sociopathic narcissist, and his advisors are tenured academics actively covering up for other reports of abuse.

Outside the sycophantic and nepotistic cesspits of academia, there are intelligent and amazing people, doing good work and helping others.

The true academe is witness to violence, yet—for self-preservation—chooses complacency and complicity. Cowards and villains, the lot of you.

@isislovecraft I'm working on moving to Berlin in 2017, and thinking about starting another hacker flatshare for sane people, if interested.
