For the record: I'm unable to figure out any connection between reality and this @isislovecruft tweet. She's severely misinformed or lying.

You seem to be claiming to know things about @hashbreaker that I don't. What
are they?

What steps have you taken to investigate, DJB? What are the documented results of that investigation?

Is there really not anything you and @hyperelliptic could do to allay fears @isislovecruft expressed? Only say she ... or lies?
